

Danube on a plate

Building gastronomic bridges from the Black Forest to the Black Sea

1. Overall topic – Social inclusion, Gastronomy, Cultural Heritage
2. Overall objective – To establish a thematic network of towns for promoting social inclusion and mutual understanding of the cultures along Danube
3. Concrete objectives – Raising awareness of the needs of disabled people and improving their participation in social life and their accessibility to social events.
4. Target group: disabled people, local farmers and small-scale producers in catering for the needs of the disabled persons.
5. Instruments, activities: Culinary events, gastronomic workshops, research on old and authentic food traditions, customs and recipes, round tables addressing the needs of disabled people for easier access to public places...
6. How do you reach the target group – by working directly with CSOs and local authorities
7. Concrete outcomes: A network of food communities along Danube, transfer of know-how in the field of gastronomy and exchange of best practices, Using free social media for dissemination, evaluation and promotion of the project – Project diary, Cookbook of Danube culinary heritage including recipes of festive foods and traditional events
8. Innovative aspects – Using gastronomy and cultural heritage in a cross-cultural and cross-national context to enhance social inclusion of disabled people.
